

I am concerned about the activities going on which will give LPFM stations priority over stations like K-LOVE. K-LOVE is vital to our community and world. It provides a much needed service that is lacking from so much of our media today. It should not be replaced by any other type of LPFM communications. Without K-LOVE, we return to the money driven, corrupt, biased, God lacking communications that we have been forced to listen to forever. K-LOVE makes a difference in our world today. It would just be awful to know that it has been taken away or dropped by the way side for something that isn't needed at all.
